INNOVATIVE CONTAINER SOLUTIONS CATALOGUE

Introduction

At PNY Company Ltd , We are dedicated to delivering comprehensive container solutions that meet a wide range of industry needs. We offer the sale of both new and used containers, expert repair services, and versatile modification that transform standard containers into tailored offices, accommodations, retail spaces, and workstations.

Our commitment to durability, cost efficiency and eco-friendly design is matched by our robust transportation and logistics services, ensuring timely and secure delivery across Tanzania and beyond.

In addition to our technical services, our strong partnership with industrial leaders allows us to stay at the forefront of innovation. This collaboration enables us to continuously refine our designs and customization processes, ensuring that our container solutions not only meet but exceed the evolving demands of modern industries.

Whether you require a custom designed workspace or reliable container sales and repair, PNY Company Ltd is your trusted partner for high-quality, integrated container services.

1. Our Insight on Maximizing Your Container Investment

- **Assess Your Needs:** Before purchasing or modifying a container, evaluate your specific requirements—whether it's for office space, retail, accommodation, or industrial use—to choose the right type and size.
- **Consider Future Flexibility:** Opt for designs and modifications that allow for future scalability and reconfiguration. This is especially important for growing businesses or evolving project requirements.
- **Leverage Expert Design:** Work with our experienced design team to tailor your container solution. Expert design can enhance functionality and aesthetics, ensuring your space meets both practical and branding needs.

- **Plan for Logistics:** Make sure to account for transportation and logistics early in the planning process. Our integrated logistics services help streamline delivery and setup, saving you time and reducing hassle.
- **Regular Maintenance and Repairs:** Protect your investment by scheduling regular maintenance and repairs. Our repair services ensure that your container remains durable and efficient throughout its lifespan.
- **Sustainability Matters:** Embrace eco-friendly practices by choosing solutions that minimize environmental impact. Our eco-conscious designs help reduce waste and promote sustainable construction practices.
- **Collaborate with Industry Leaders:** Benefit from our established relationships with industrial leaders who can offer insights, best practices, and access to the latest innovations in container solutions.

Whether you're looking to purchase, modify, or maintain container solutions, SEMARK General Services and Supplies is here to provide expert guidance and high-quality

2. Choosing the Right Container Size

Selecting the right container is crucial for functionality and cost-efficiency. We offer two primary container sizes:

20ft Container

Dimensions: 6m (L) x 2.4m (W) x 2.6m (H)

Best For: Small offices, retail shops, temporary housing units

Benefits:

Lower initial investment

Compact and easy to transport

40ft Container

Dimensions: 12m (L) x 2.4m (W) x 2.6m (H)

Best For: Larger offices, accommodation blocks, mobile workstations

Benefits:

Double the space of a 20ft container

Ideal for multiple functions

Choosing between the two depends on space requirements and budget considerations.

3. Interior Board Options for Container Finishing

A container's interior finish is essential for insulation, durability, and aesthetics. We provide two main board options:

Melamine Boards(MDF)

Features:

Affordable and smooth finish

Requires insulation for temperature regulation

Best suited for stationary office setups

Moderate durability

Panel Boards(Polyethylene PE)

Features:

Highly durable and impact-resistant

Ideal for dusty, moist, or frequently relocated spaces

Premium quality for long-term use

Excellent wear and tear resistance

The choice depends on work environment conditions and durability expectations.

Extra Tip: Elevate Your Flooring

Enhance your container space with our expert flooring installations. Choose from luxurious **Glue Carpet**, durable **Ceramic Tiles**, or elegant **Wooden PVC** to perfectly complement your design and functionality needs.

4. Empty Containers prices

The cost varies based on container size, quality and specifications. Below is an Standard price breakdown for an empty container in this category:

Container size	Estimated Costs (TZS)
20ft	4.5 M
40ft	7.5 M

We are also providing container repair services but repair is subjective to the type of damage.

📞 Contact us now to experience the best in container supply and transportation. Would you like me to add specific details like your company name, fleet size, or unique services?

5. Estimated Modification Costs

Modification costs vary based on container size and selected materials. Below is an estimated cost breakdown:

Container Type	Interior Finishing	Estimated Costs (TZS)
20ft Office	Melamine (MDF)	11M – 13M
20ft Office	Panel Boards (PE)	15M – 18M
40ft Office	40% – 50% higher	

What's Included?

- ✓ Two windows
- ✓ Aluminium door
- ✓ Electrical wiring & fittings
- ✓ Air conditioning (AC)
- ✓ Painting & finishing
- ✓ Flooring with glue carpet

Larger containers require increased material, labor, and insulation.

6. Customization & Cost-Saving Strategies

Our experts provide tailored consultations to help you achieve the most cost-effective solutions. Factors influencing costs include:

Number of containers required

Purpose of modification

Alternative material options

We work closely with our clients to optimize costs without compromising quality.
